NEWS & NOTES

OXBOW

Our painting and repair project at Oxbow Marina is now complete.

TULARE

Work has now begun on the kitchen remodel in Tulare. Work on this project began on August 6th. We had a robust crew that was able to gut the kitchen in one morning. As of this writing the floor has been laid, new walls built, textured and painted, popcorn ceiling removed, textured and painted, electrical and gas lines relocated, and cabinets are being installed as we have entered September.

LOS BANOS

Our recent repair work at Los Banos (highlighted in our last newsletter) has enabled the church to sell their building. The building is now in escrow.

The Pastor of the church has accepted a pastorate in another state and the leadership of the church has asked APAC to help them through this period of pastoral transition.
